

NEW FROM RECO: MyRECO Certificate Mobile App

What is it?

MyRECO Certificate allows you to display your RECO registration certificate on your mobile device, in real time. Once you have downloaded the app, you can pull up your certificate anytime you are connected to the internet, or keep a copy stored for offline use.

It can be used in lieu of your paper registration certificate, which is included in this mailing.

RECO will continue to issue paper registration certificates. Registrants have the choice of showing the paper copy or the digital copy anytime they are required to show proof of registration.

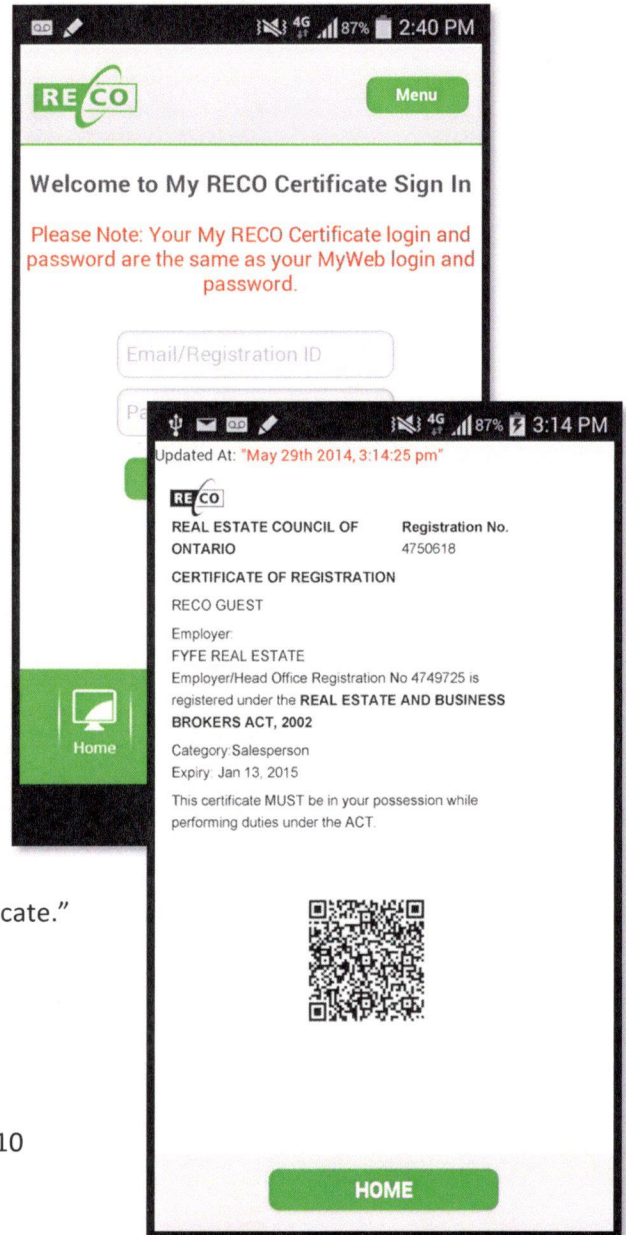

How do I download it?

At this time, MyRECO Certificate is available for iPhone, Android and BlackBerry Z10 device users.

Visit the Apple App store on your Apple device, the Google Play store on your Android device or BlackBerry World on your Z10 device and search for "MyRECO Certificate." The app is free to download.
